U540	Denim Blue	S3010-R90B **	./.	./.										

Please note that the NCS, RAL and Pantone reference given is the closest available, not necessarily an exact match. A comparison with an actual sample is recommended.

The stars indicate the quality of the colour match.

*: close colour match

** and ***: good colour match

**** and *****: very good colour match

All our shown and mentioned decors are reproductions.

Interior Match – design furniture and floors in harmony

The EGGER Interior Match shows you what is possible when combining furniture and flooring. The decor selection combines the Decorative Collection 26+ for furniture and interior design with the Flooring Collection 25+.

In Decor Match, you can choose wood or material optics that match the decor or colour for flooring, doors, kitchen worktops or entire pieces of furniture. This is how you bring harmony to your designs.

Interior Match – Flooring EL2431 and wardrobe and sideboard H3157 ST12 (EGGER Decorative Collection).
Decor Match = Flooring, as well as products from furniture and interior design in the same decor with different textures
Colour Match = Flooring as well as furniture and interior design products whose decors are colour-coordinated

Worktop Match – create harmonious furniture

With our established decor- and material match we have several decors which are available as decorative faced board and worktop - this is getting increasingly

important for creating harmonious combinations. Those decors are marked with „Worktop Match“.

Worktop Match – H3730 ST10 on the worktop, complemented by matching decorative boards on the upper cupboards and splashback.

EGGER Repeatless Decor Width

Decors labelled with this symbol have no decor repetition in the entire width. In length, the decor image is repeated approximately every 1,300 mm.

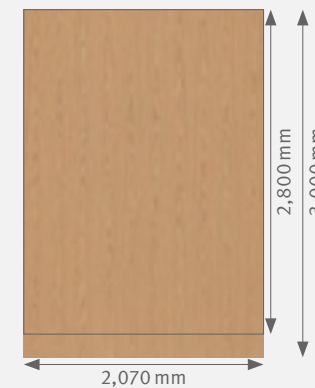

Here the decor image has no repetition in the entire width of the board (2,070 mm). In the length, the decor image is repeated approximately every 1,300 mm. As a result, the decor image repeats only twice on a board size of 2,800 × 2,070 mm in length.

EGGER Repeatless Decor

Decors labelled with this symbol have no decor image repetition in width and length on the half board size. There is no repetition in the length up to 3,000 mm. On worktop decors there is no repetition up to 4,100 mm in length.

Here, in contrast to repeatless decors in width, the decor image has a length of 3,000 mm. As a result, the decor image is not repeated in the half format (2,800 × 2,070 mm), neither in width nor in length. Each additional half format is not identical to the previous one due to the repeat length of 3,000 mm. Only about every 17th board shows the exact same section of the decor image. The repeatless decors are produced using a digital printing process.
