## Door Size Laminate

UK and Ireland Stock Programme

# EGGER Door Size Laminate

The UK and Ireland Door Size Laminate range opens up new possibilities with 50 design orientated decors for internal doors, including woodgrain and material reproductions and versatile uni colour finishes. Created with up-to-date texture technology, the range offers a door finish for every taste.

Cost-effective, hard-wearing and resilient, EGGER Door Size Laminate is perfectly suited to high-traffic areas, and offers an alternative to solid timber, veneer or painted timber. The laminate requires no further maintenance following fabrication, while the optimised door size sheet (2150 × 950 mm) allows for a reduction in labour, time and costs.

Available from stock, the 2150 × 950 mm sheet size is ideal not only for doors but also areas where a smaller application of laminate is required. A 2150 × 1020 mm sheet size is also available to order with a lead time.

Door Size Laminate is suitable for coordinating doors with furniture and other design elements such as wall panels. Used in combination with standard laminate, Decorative Faced Chipboard and MDF, it provides an opportunity to value engineer material, should matching furniture be required as part of the scheme. EGGER laminate is the ideal choice for all surfacing needs and is available from a network of distributors.

To view where to find EGGER Door Size Laminate visit to.egger.link/where-to-buy

EGGER Door Size Laminate can be used for internal application areas such as hotels, student accommodation, offices, bars and restaurants. This collection offers a suitable decor to enhance any project.

EGGER Flammex Flame Retardant Laminate is also available as a made to order product.
